

# Tangoe for Apple Enterprise Lifecycle Experience.

Everything you need to manage your Apple® program. Enterprise mobility software, services, and support designed to enable IT and empower employees with the most powerful products and platforms for business.

## SOFTWARE

Centralize, comprehend, and control your Apple estate. Aggregate assets into a unified source. Understand and optimize carrier network usage for all mobile assets. Establish and automate business processes with workflows, automation, and integrations.

## SERVICES

Prepare, deploy, and manage Apple enterprise devices. Streamline device and app provisioning with Unified Endpoint Management automation and Apple Business Manager administration. Integrate macOS® with existing directory services to accelerate employee choice initiatives.

## SUPPORT

Diagnose, resolve, and delight your Apple users. Increase first-call resolution for any Apple device with iOS® or macOS and coordinate support with AppleCare® uptime with US repair and reverse logistics and AppleCare-backed global onsite support.

## About Tangoe

Tangoe is the leading technology expense and asset management solution. Tangoe seamlessly integrates with hundreds of providers globally to deliver automated processes, reporting and insights that simplify, manage and optimize expense and inventory management for enterprises of all sizes and scales.
